synchronous inter-connections have been provided after the regional grids have been sufficiently strengthened.

At present, Eastern, North Eastern, Western and Northern Grids are inter-conneted synchronously. Southern Region is connected to this system through asynchronous HVDC lines. A inter-regional transmission capacity of 11450 MW has already been achieved and it is envisaged to increase the inter-regional transmission capacity to more than 37000 MW by the end of Eleventh Plan.

(c) and (d) Northern Region and Western Region are generally in deficit and do not normally have any surplus power. The other regions have some surplus power during off-peak hours.

Funds for scientific research

†678. SHRI SURENDRA LATH: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) the details of funds allocated for scientific research in various fields during the last year 2005-2006;

(b) the amount utilized out of the allocated funds; and

(c) whether any concrete results have come out of this scientific research and the efforts being made by Government to promote education and scientific research in future?

THE MINISTER OF SCIENCE AND TECHNOLOGY (SHRI KAPIL SIBAL): (a) to(c)An allocation of Rs. 330 crores was made for scientific research under Research and Development Programme in 2005-06. The scheme includes programmes for promotion of research and development in newly emerging and frontline areas of science and engineering including multi-disciplinary fields; support to research in high priority areas of national interest taking into account of existing research capability of host institute; special encouragement for young scientists to take up challenging R&D activities etc. The allocated funds have been fully utilized. Several impressive results including publications in high impact jurnals, patents, human resource development, etc. have been emanated from the research investment. Government has taken a number of initiatives for the promotion of scientific research in the country. tOriginal notice of the question was received in Hindi.

The support to research is enhanced through S&T mission mode programmes, establishment of new research centres of excellence, international collaborative projects, strengthening of R&D infrastructure in academic institutions and research labs, institution of prestigious fellowships like Swarnajayanti Fellowship for outstanding Young Scientists, Ramanna Fellowship for performing scientists, Shyama Prasad Mukherjee Fellowship for Young Scientists, Ramanujan Fellowships to attract outstanding scientists and engineers from all over the world to take up scientific research in our country, J.C. Bose Fellowships to recognize and support active, performing Indian scientists and engineers. More recently, three new Indian Institutes of Science Education and Research (IISER)s) have been set up at Kolkata, Pune and Chandigarh, which, apart from carrying out frontline and internationally competitive research, would Offer integrated M.Sc. programmes in a multi-disciplinary and academically flexible and research-oriented environment.

The Government, in the XI Plan is also proposing to launch a new scheme called INSPIRE (Innovation in Science Pursuit for Inspired Research). The main features of the proposed scheme will be: (1) innovation funding in schools (one million young innovators); (2) summer camp with science ions (for high performers); (3) assured opportunity schemes for proven talent force; and, (4) retention of talent in public funded research through public-private parternships. In addition, scientific research in our country will be boosted by India partcipation with the International Community on Mega Science Projects like Facility for Anti Proton and Ion Researh (FAIR), Facility for Synchrotron Radiation Source, etc.

Organisation of Indian Science Congress in Tamil Nadu

†679. SHRI MOTILAL VORA:
SHRI SATYAVRAT CHATURVEDI:

Will the Minister of SCIENCEAND TECHNOLOGY be pleased to state:

(a) whether it is a fact that Indian Science Congress was organized at Chidambram in Tamil Nadu in the first week of January, 2007;

†Original notice of the question was received in Hindi.
